

Child swimming course hygiene concept

The following additional rules apply to children's swimming:

1. In addition to the house rules, the sauna hygiene concept and the points listed here, the current version of the Berlin Senate's rules on containment of the Corona Virus also do apply here.
 2. After each course an intermediate cleaning process will be arranged, and the premises accordingly disinfected.
 3. If a course is finished and the participants left the sauna, a 15-minute cleaning break is scheduled. The following course can only enter when the cleaning process is finished.
 4. As legal guardian please take care that the children behave according the regulations in the changing rooms.
 5. Showering is to be kept to a minimum and is done individually; no further personal care or cosmetics is allowed.
 6. To ensure a smooth and quick transition between two swimming courses please take care that your child/children are leaving the premises in time.
 7. The number of children is limited to a maximum of eight.
 8. Only persons directly related to the respective child can be present in the sauna. In this case they must follow the hygiene regulations and house rules.
 9. The child should avoid lessons in the event of pathological symptoms or any other discomfort.
 10. Attendance will be documented in written form. Therefore, please register with the staff after arriving in the sauna. All data will be re-confirmed by the staff with the deposited and signed registration.
 11. Payment can be done cashless at the EC terminal.
-

In order to keep the restriction rules effectively enforced please read the notes hanging on relevant points in the premises. The procedures will be checked regularly and in an event of violation the normal house rules apply.

This concept is available on request, can be downloaded on our homepage, hangs in the sauna and has been sent within our newsletter in advance.
